• **ST. JEAN VIANNEY RELIC PILGRIMAGE:** The incorrupt heart of St. Jean Vianney will be visiting the Cathedral of the Immaculate Conception in Tyler on **May 17th**. The Shrine of Ars, France, has made this major relic available for a national tour in the U.S. The Knights of Columbus is hosting this tour and welcomes this special opportunity to offer for veneration this relic of the patron of parish priests, whose holiness and integrity is a model for clergy and laity alike. The schedule on Friday, May 17th is as follows: Veneration: 8:30 am to 9:00 pm; Mass with Bishop Strickland: 12:00 pm; Chaplet of Divine Mercy: 3:00 pm; Scriptural Rosary: 6:00 pm.. As we prepare for the opportunity to venerate the relic of this great saint, please pray for his intercession for your intentions and the success of the visit of his incorrupt heart to Tyler. *For more information about St. Jean Vianney and the relic tour, please visit www.kofc.org/vianney.*

• **What is Parish Nursing?** It is the intentional integration of the practice of faith with the practice of nursing so that people can achieve wholeness in, with, and through the community of faith in which parish nurses serve. A parish nurse serves a number of roles. To understand these roles, it is helpful first to note what a parish nurse is NOT. A parish nurse is NOT a physician and will not diagnose or treat illness. A parish nurse is NOT a home health nurse. A parish nurse is NOT a therapist and will not do physical therapy, occupational therapy, or psychotherapy. A parish nurse is NOT a clergyperson. All parish nurses, however, come to the field with a deep spiritual commitment. The roles of a parish nurse usually include the following: *Integration of Faith and Health.* Health is a wholistic way of living that embraces life in its fullness, including the pursuit of a healthy spiritual life and connection to God and God's people. A parish nurse assists parishioners to achieve higher levels of wellness by improving both their spiritual and physical health. *Health Educator.* Most physicians have only a few minutes to spend with each of their many patients. Parish nurses are available for health education and provide opportunities to learn about health issues. *Health Counselor.* Parishioners may have already been to physicians but do not fully understand their diagnoses or options for treatment. They may have medications that have been improperly dispensed. They may wonder if their concerns even warrant seeing a doctor. A parish nurse is available to discuss health concerns, emphasizing early response to small problems and encouraging healthy lifestyles. *Referral Advisor.* Where does a parishioner go for a second opinion, a good nursing home for a loved one, a counselor, or another service? A parish nurse is available to provide referrals to health care and social services within the community upon request. *Health Advocate.* Far too often, patients lose their way in the jagged pieces of the health care system. A parish nurse can help navigate. A parish nurse speaks out to help obtain needed health related services. -From Health Ministries by Deborah L. Patterson. —Sue Owens, R.N., Parish Nurse
